

We have had a great May and have celebrated many days including Victory in Europe day and World Hedgehog Awareness week. We have been very lucky and had the police come and visit us where we got to see the car and the lights. The weather has been so nice recently and we have been out in the garden having lots of picnics together. In light of VE day the children came together to have a picnic and spoke about British culture. We hope this weather continues over the coming weeks!

Jelly Babies and Tots Highlights

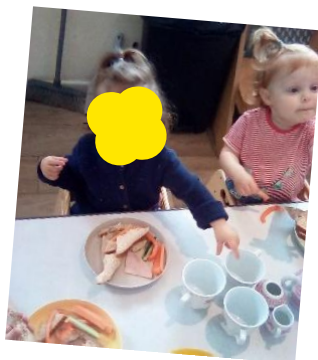

Jelly babies have been using cutlery to practice our scooping skills in some Angel delight as well as spaghetti hoops. We have also been filling bowls up. We have also used a variety of objects to paint into some flowers!

This month tots have shown a key interest in the doctors kit, we have been using all the tools on the dolls and our friends!

In tots we also painted some British flags for 80 years of Victory in Europe. For this occasion, we then enjoyed a tea party, the children used the tea set to pour out their own water.

Jelly Beans Highlights

This month in Jelly Beans, We have been enjoying our time in the garden as it's been lovely weather! We have been reading stories with friends and taking turns playing football.

For hedgehog week we painted our own hedgehogs with forks to see if we could make marks that resemble spikes

We all took part in a group activity, and for this we looked at and felt objects to see if they feel heavy or light. We then tried to predict if the object would sink or float.

We had a Smeds and the Smoos tray where we created our own aliens using a variety of resources. The children spoke about characters they were trying to make

Leah – Room Lead
