

This month we have been so lucky to have such beautiful weather continue! The children and staff enjoyed exploring the paddling pools, water and ice play during the heat wave! We have celebrated many days this month including National chocolate day, Shark awareness day, National give something away day, St Swithin's day, World snake day, World emoji day and National karaoke day.

Jelly Babies and Tots Highlights

This month Jelly babies have been busy exploring their senses. We have tasted some very sour lemons and limes as well as some delicious flower shaped chocolate for National chocolate day.

We have made our own sensory bottles with pasta and oats which we love to make Music with. We really enjoyed mixing up the soil and scooping it into the pans in the garden.

The children in the Tots room have been exploring bubble painting, using different shaped cutters to make marks! We learnt how to play our new Bingo game, listening and responding to instructions. The Tots thoroughly enjoyed getting messy in our jelly play, feeding the dinosaurs and making them stomp through it!

Jelly Beans Highlights

As the weather has been getting warmer we have been spending more time in the book corner exploring books and coming up with our own stories.

With the poppids we have been creating some microphones and having a sing song with one another for karaoke day. They also added some dance moves too.

As it's been so hot we have been enjoying the water in the garden too cool ourselves down, along with lots of water play.

For St Swithin's day we had a discussion about what the day represents and then explored a sensory tray with rain (rice) and imitated rain falling on the animals.

In the garden we discovered a Hawkmoth, the children thought it was a caterpillar and said it has a stinger like a wasp does!

Leah - Room Lead
