

Children's Newsletter October 2025

This month we have been enjoying lots of different activities. We have also celebrated a variety of days including Space Week, Big Drawing Month, National Pizza Month, International Coffee Day, World Mental Health Day, Diwali, Vegetarian Day and Badger Day. Next month we look forward to celebrating Bonfire Night, Children In Need, Kindness day, Remembrance Day, Maths Week and St Andrews day. We are also sending out autumnal bags for you to collect all things autumn and bring back to nursery.

Jelly Babies and Tots Highlights

Jelly babies have had a very musical month. We have been experimenting with different resources to make sound including pots and pans and using cardboard boxes as drums. We even made our own instruments with recyclable materials such as rice shakers.

Jelly Beans Highlights

We have fully embraced National Badger Day, a day held on 6th October to celebrate and protect badgers. The children looked at some pictures of badgers and shared what they already know. We then found out some very interesting facts about badgers and used our imagination and creative skills to paint some super pictures of them.

We have enjoyed sharing the story 'Pumpkin Soup' and decided to make our own pumpkin soup in the Mud Kitchen, just like the animals in the story book!

We have been learning some new football and rugby skills with Sporty Little Stars! These sessions help us to practise our balance, co-ordination, agility and also improve our social skills such as communication, listening, sharing, following instructions and being part of a team.
