## October 2025

Happy October to all our Families and children! The weather has certainly took a turn these past couple of weeks. Please can I remind you to ensure your child/ren are coming into nursery with a coat and suitable shoes as we do go out in all weathers.

It is really important that we have up to date information on each child e.g. food Allergies, intolerances, additional emergency contacts. We also need to ensure we have accurate information of parents e.g. phone numbers and addresses for both parents, if this is different to your child. If you need to update your information can you please email [deputy@jellybearsdaynursery.co.uk](mailto:deputy@jellybearsdaynursery.co.uk) so we can update your child's file.

### Staffing Updates:

We are very excited to announce Jessie delivered a healthy baby boy Archie on the 25<sup>th</sup> September, weighing 9.6lb0z. We hope you all join us in congratulating Jessie, Tommy and George. They are currently enjoying life adjusting to a family of four.

We are truly saddened to announce that Amelia our Baby Room Lead will be leaving us on November the 21<sup>st</sup>. Due to family commitments, Amelia will be changing to work in a school. She will be greatly missed and we wish her all the best in her new adventure.

Leah this month has celebrated her six year anniversary with us at Jelly Bears! Congratulations Leah and thank you for your hard work and dedication. Here's to many more years to come.

Another member of staff celebrating a milestone here at Jelly Bears later this month is Helen. She will be celebrating two years with us. Thank you to Helen for all the hard work you do and the yummy meals you provide daily.

For those of you who has been with us for a long time, you may remember Ashli, who worked in our Jelly Beans room back in 2019. We would like to welcome Ashli back to Jelly Bears as our volunteer. Ashli is Level 2 Qualified and has lots of experience, we are very excited to have her back in our Jelly Bears Family!

We have been receiving lovely home learning photos of autumnal walks, carving and exploring of pumpkins, please keep these coming as we love to see them. We will also be sending home an autumn bag for you to collect all things autumn with your children to bring back into nursery for the children to explore with their friends. As part of our sustainability approach we wanted to remind parents that animals love pumpkins too and can provide them with essential energy during the colder months. Why don't you put them in the back of your garden for animals to explore and get energy from. Alternatively composting is an environmentally friendly way to dispose of pumpkins after Halloween.

Dates for your diary:

- **Friday 24<sup>th</sup> October 2025** – Autumn Term 1 Ends
- **Monday 3<sup>rd</sup> November 2025** – Autumn Term 2 starts
- **Friday 14<sup>th</sup> November 2025**– Children In Need Day
