September 2025

Happy September to all our parents and children! It is lovely to see all of our children back from the summer holidays. We can certainly feel that Autumn is here as its getting colder now. Please can we remind parents to ensure your child/ren have suitable outdoor clothing such as coats, jackets, hats, gloves and wellies etc as we do go out in all weathers.

Over the summer holidays, we introduced our Jelly Bears Lending Library! To take a book home, please ask a member of staff to view the basket of books available. Please note all books will need to be signed in and out of the setting.

We are very excited to be welcoming a new member to our Jelly Bears team. Ellie will be joining us on Monday 29th September and will be based in our Jelly Beans room and is Level 3 qualified. Ellie has several years of experience working in a nursery and has recently been travelling in Australia! Ellie is looking forward to getting to know our children. Please join us in giving her a warm Jelly Bears welcome.

We are also looking forward to welcoming Olivia to the team on Monday 29th September. Olivia will be based in Jelly Tots as our Room Lead. 'Liv' as she likes to be called, is level 3 qualified and has varied experience working with children from babies to school age! She will also be working alongside Courtney as her Deputy SENCo.

After a well deserved Holiday, Barry the Bear is back! Barry is a bear that will be spending the weekend or a few nights with your child. Barry comes with his own clothes, toothbrush and a journal. Please record what you get up to with Barry in his journal, please let us know if he's causing trouble. Barry is excited for his adventures with all the children at Jelly Bears!

As part of our efforts to promote sustainability, we'd like to encourage parents to reinforce recycling habits at home. Simple actions like sorting recyclables, reducing waste, and reusing materials can make a positive impact on our environment. With your recycled materials, why don't you do some junk modelling? Junk Modelling can also support children in several areas of development!

Dates for your diary:

- **Friday 24th October 2025** – Autumn Term 1 Ends
- **Monday 3rd November 2025** – Autumn Term 2 starts
- **Friday 14th November 2025**– Children In Need Day
